British Parliament Re-Assembles

London, Oct. 17.—Parliament, which adjourned two months ago instead of being prorogued because it was thought it might be necessary to submit the Irish settlement to it, will re-assemble to-morrow.

The legislative body will consider steps necessary to meet the serious unemployment situation, and the prevailing trade depression. The re-opening will be without ceremony, and the session is expected to be a short one. Mr. Lloyd George will deliver a speech in which he will outline the government's proposals for dealing with the unemployment problem. He also probably will announce the government's policy with regard to the coming Washington conference and make known the composition of the British delegation. It is not improbable that the prime minister will touch lightly on Irish affairs and the Upper Silesian decision.

DUNCAN MARSHALL GETS LARGE BARN DESTROYED BY FIRE; STOCK SAVED

Calgary, October 16.—Fire completely destroyed a large barn on the farm of Duncan Marshall, former minister of agriculture for Alberta, near Oida this afternoon. The conflagration was caused by a gasoline engine back firing and catching a quantity of loose gasoline. All the livestock in the barn were immediately let loose, and although one pure-bred cow is missing, it may turn up as the animals were badly scared and bolted in all directions from the blazing building, which burned itself out without involving other buildings. Some of Mr. Marshall's prize stock was in the building, but escaped.

AMERICA HONORS BRITISH DEAD

London, Oct. 17.—The British government today decided to award the Victoria Cross, the highest British award, to the United States "unknown warrior."

Upon the simply inscribed slab in Westminster Abbey which marks the tomb of Great Britain's "unknown soldier" was laid today the highest decoration within the gift of the people of the United States. It was the medal of honor voted by the United States Congress in reaffirmation of the comradeship which united the United States and Great Britain in the war. The official presentation was made by George Harvey, United States ambassador to the court of St. James, who delivered a brief address as the representative of the United States government and of President Harding. The act of bestowing the medal was performed by General John J. Pershing, commander of the United States armies in France during the great struggle.

THE LATE SAM CLARK

It is our sad duty to chronicle the death of Samuel Clark, one of our pioneer settlers, who passed away Friday, Oct. 15th, after a long and trying illness.

He was 76 years of age, and a Canadian by birth, and resided a number of years in North Dakota. Coming to Alberta over 20 years ago, he farmed for some time in the Lacombe district, and in 1903 homesteaded in this district, where he has since resided.

Though not taking an active part in public affairs of late years, he was nevertheless a very public spirited man, having been one of our pioneer road builders, and took an active interest in school affairs. To those who knew him intimately he was ever the genial friend and host.

For length a manner cold and stern, but a heart warm, loving and sincere.

Besides his wife, he leaves a host of friends and neighbors to mourn his loss. Interment took place on Monday at Forest Home cemetery. Sincere sympathy is extended to Mrs. Clark in her hour of bereavement.

SAD BURNING FATALITY

The sympathy of the entire community goes out to Mr. and Mrs. Wm. Fawcett and family in the loss of their little son, John, aged four years, whose distressing death took place last Friday about 3.30 in the afternoon.

Mr. Fawcett, father of the boy, was at a neighbors' threshing, the mother had just started to Lacombe, leaving two little boys, Fred and John at home with the grandfather. Soon after the mother left the boys went out into the hay left to play with some kittens when almost immediately flames burst out all round, supposed to be caused by spontaneous combustion from green feed.

Fred, the older one, made his escape, but John, a dear little fellow who was loved by everyone, could not get to the opening, and perished. A strong wind was blowing at the time the fire started, and the only by a great effort on the part of three threshing crews that the rest of the buildings were saved.

The funeral, which was very largely attended, was held Sunday afternoon, the Rev. Mr. Stewart conducting the service. Interment was made in the Lacombe cemetery.

Edmonton, Oct. 15.—Miss Ida McGill, who was sent to Canada by the British government to investigate and report on the conditions under which British settlers were living on homesteads in the west, was knocked down and run over at 7 p.m. Friday evening. She died at 11.30 o'clock in the General hospital. Bert Wensler, owner and driver of the car, was placed in custody shortly after the accident. Miss McGill's death and will be held pending an investigation of the accident.

Edmonton, Oct. 16.—Wesley McGill, 22, student of agriculture at the University of Alberta, was shot and accidentally killed near Edmonton Saturday afternoon while hunting.

OTTINGS
TOWN AND
DISTRICT

Local News.

Mrs F. M. Fleming was in Edmonton the week-end.

W. L. Steele and family motored to Edmonton on Sunday.

J. Ardell, of Red Deer, was a visitor in town Saturday.

Miss Jennie Hambley, of Calgary, is visiting with her parents.

Miss Sara Grey, of South Edmonton, spent the week-end with Mrs Wilson, Estabrook.

Harry Small paid a business visit to Calgary the first of the week.

Mr and Mrs M. J. Brady and Mrs W. R. Ferguson have been spending a few days in Edmonton.

Dr and Mrs Budd were guests of Mr and Mrs Robinson, Springdale, on Sunday.

Mrs John Parnell has been visiting with her old friend, Mrs Ray Palmer, east of Edmonton.

Mr and Mrs C. S. Jones has had the pleasure of a visit from Allan King, of the Moisson's Bank staff, Lethbridge.

Mrs Frank Boyd and Mrs R. L. Fleming, of Chesterwall, are visiting in Edmonton.

Mrs (Dr.) Smith entertained the members of the Bridge Club Friday evening. There was a good attendance, and arrangements were made for the opening of the season.

Mr and Mrs Elmer Fennelton, of Wetaskiwin, have been spending a few days in town.

R. M. Whitelock and Martin Belgar are out after the wild geese. Have gone out to the vicinity of Sullivan Lake.

Miss Winnings, who has spent the last eighteen months visiting with her sister, Mrs W. E. Turner, left for her home in the Eastern States on Tuesday.

The fire brigade was called out Monday night in order to extinguish a fire that broke out in the sawdust pile in front of the depot. Fanned by a high wind the fire spread rapidly, and had it not been attended to the bridge would have been in danger.

That pre-historic pile, known as the Ponoka railway depot, has received a coat of paint, likewise the water tank, pump house and stock guards, adding much to the appearance of the place and staff.

The Union Church Ladies' Aid are holding their annual anniversary chicken supper on Thursday, October 27th, in Empire Theatre. Supper served in cafeteria style. Good musical programme to follow.

The chicken shooting opened on Saturday, and of course good sport was enjoyed by the many hunters who were up and away by dawn. Of course it is scarcely probable that any of our law-abiding sportsmen would exceed the numbers prescribed by law, but this could have been very easily done.

OWEN.—On Thursday, October 19th, to Mr and Mrs John O. Owen, a son.

SEALE.—On Wednesday, Sept. 14th, to Mr and Mrs Robert D. Seale, of Point Grey, Vancouver, B.C., a son.

Charlie Chaplin in "The Kid," was the attraction at the Empress Friday and Saturday. There was a full house both nights, and the play was much enjoyed.

T. W. Hutchinson will hold a sale of household goods on Saturday, October 29. See bills for particulars.

Mr and Mrs W. H. James and family will have sympathy extended to them in the loss of their home by fire Monday afternoon. The fire is supposed to have originated in the chimney, over the roof, and before the outbreak was observed had such a hold that nothing could be done to save the building. All the upstairs furnishings were lost, but most of the furniture on the ground floor was saved. No insurance was carried. A high wind carried sparks north into the timber, and for a time it looked as if serious damage would be the outcome. Over a hundred willing workers, from town and country, worked till past midnight back firing and piling up sawdust, and not until the wind fell towards morning was the danger overcome. The air was heavy with smoke all day Monday and Tuesday, and several fires could be observed in this district.

House Work Wanted.—Lady desires house work by day (washing or cleaning) in the morning. Apply, Herald Office.

HERE'S A LAUGHING DEATH SCENE

The first laughing death scene ever to be shown upon the screen has been done by Mary Pickford in "Pollyanna," her first release for United Artists Corporation, which will be shown at the Empress Theatre on Friday and Saturday, October 25-26.

This novel bit of action was written by Frances Marion, who prepared the script and whose life-long ambition has been to write a laughing death scene.

It comes when Pollyanna and her father try to play the "right game" even when he is at the point of death. In spite of the fact that she knows her daddy is going to the great beyond, Pollyanna laughs through her tears, pleading, begging for something to give him life, just like a hawk over a prey.

It is believed that this will be one of the most pathetic scenes ever shown on the screen.

Danish Farmers Taking British Bacon Market Away From Canada

Toronto—Canadian meat packers state that "Canadian farmers are facing the unfortunate fact that the British bacon market is slipping away from their competitors, temporarily at least." They state, "that packers had to sit by and watch Danish competition overtake and pass them, there had been there were no hogs on our farms to purchase."

E. C. Fox, of the William Davis Company, explained that the reason for the Danish exporter making such

progress in the British market is a simple one. The Danish farmer has been and is raising hogs and so there is bacon to export. "We have not the quantity of hogs to export, because a sufficient number of hogs are not being raised."

"It is because the Danish exporter is supplying the British market with bacon at a cheaper price than the Canadian exporter," Mr. Fox was asked.

"Not at all," he replied. "Danish bacon is a higher priced bacon."

BRITAIN'S PLANS FOR CONCLUDING TRADE WITH SOVIET HAVE FAILED

Glasgow—British plans for trading with Russia have been defeated it was declared by Sir Robert Stevenson Horne, chancellor of the exchequer, in an address here. He said that this was partly the result of the Russian famine and could be attributed in some measure to the fact that Russian extremists had been "more anxious to spend their money in propaganda than in buying goods."

Sir Robert disclaimed lack of sympathy for Russia, and asserted he had tested the loyalty of some of his friends by consulting the trade agreement with Russia. The public prosecutor in demanding the death penalty for most of the defendants.

Bar U Ranch Ships Cattle To Chicago

North Portal—George Lane, of the Bar U Ranch, Calgary, shipped through this port 47 cars of cows and steers to the Chicago market. This is the first big shipment this season from the Canadian ranch to the American market, and is an experiment by Mr. Lane, who expressed the opinion that the Chicago market was the best at the present time, despite the 30 per cent. duty which has to be paid on entry into the United States. The mean freight rates to Great Britain, he said, were practically prohibitive.

Manitoba's Road Problem

By A. C. Emmett, Secretary Manitoba Motor League.

The absolute lack of proper maintenance of the highways is the cause of the present system of municipal control of such lines. The efficient public interest can be aroused to secure the adoption of a more efficient system of control, and to force the taxpayers' money be profitably scattered in patchwork roads and maintenance.

The Brandon and District Road Commission provided, those who were acting as judges, an excellent opportunity for securing a class object lesson as to improper construction and maintenance. On the main route of control, large sums of money have been expended on construction, the value of the work has been wasted, but by the lack of maintenance, this was a really noticeable five miles west of Brandon to the village of Kenney. The stretch of road is full of deep ruts and pot holes. Unless given immediate attention, the road will soon be such a condition that trading will be the only means to restore its usefulness as a transportation artery.

Wallace municipality is still the banner municipality as far as good roads are concerned, but even on its own road, the want of proper supervision of the maintenance work is becoming apparent through the narrowing of the grades by the encroachment of weeds and grass. The druggan have been satisfied to keep the centre ten to twelve feet in good shape and have therefore lost some six feet of good road which was originally there when the first construction work was finished.

The municipality of St. John is making very good progress in the improvement of its roads and will undoubtedly carry the premier honors in the Brandon and district competition.

In the earth roads class a special example of work was found in the municipality of Woodstock. Special praise is undoubtedly due to the contestant who has had charge of this stretch of road, not only for the surface of the road but in splendid condition for its full width, but the sides were also well trimmed and free from weeds, high grass and rubbish. As added touch of neatness was given by the whitewashing of the concrete walk. This latter touch was noticeable on practically all the prize winning stretches.

Oakland municipality showed well in the awards with a very fine stretch of earth road close to the town of Wawanesa and a stretch of gravel on the Brandon-Carroll road. The latter stretch was only granted last July but has been consistently kept in top condition.

A final consideration of the tour of the district undoubtedly impressed the judges with the necessity of some improvement in the system of construction and maintenance in order to provide some means of securing a continuous system of highways in place of the patchwork system which prevails under the present system of municipal control.

In the opinion of the writer, this can only be secured by government control of at least the main trunk highways of the Province. Such a system would provide a basic system of highways covering the Province in all directions and would then become not only main transportation arteries, but would also provide a real

Sir John Aird Says People On Continent Are Working Hard

French Convents May Be Pardoned?

Rescue May Helpless Victims in Train Wreck.

London—Sir John Aird, general manager of the Canadian Bank of Commerce, has returned to London after an extensive journey through France, Belgium and Germany. He was accompanied by Charles Cambie, manager of the bank of London. Interviewed by the Canadian Press and well known, Sir John said that of the impressions he had gathered from his tour. The one outstanding fact was that everybody on the continent was working hard and there certainly was no unemployment at the present time.

At any rate, the people are, outwardly at any rate, being well fed and well dressed. Germany today appears as well as usual, and has obtained the war, and the traffic on the railways and the Rhine river is handled in a thoroughly efficient manner.

Germany, in fact, was living with heretofore and the Canadian banker said it was impossible to think that she had become bankrupt, even though the mark might sink to a figure meaning its practical obliteration. However, the Germans are producing a class of goods cheaper than the same class can be produced in Great Britain. Germany is selling these goods to European countries and quite extensively to Russia, Mexico and South American States. From Russia, for example, she has obtained gold or foreign exchange in payment for these goods.

"A great deal of criticism," Sir John said, "has been made at excessive rates but nobody has as yet succeeded in submitting a practical remedy. As for the German situation, it is a matter of affairs is likely to continue for some time to come, but it may be that conferences at Washington will perhaps indirectly produce a solution of the present difficulties."

Canada Pays Out Millions in Pensions

Payments Since War Reach Total of \$10,412,428.

Ottawa—Canada's annual pension list in respect of the late war amounts to \$10,412,428, payable to 56,287 disabled soldiers and 10,412 dependents. The figures are for June 30 of this year. Just before the Department of Soldiers' Civil Re-establishment, they include allowances for 11,515 wives, 31,221 children and 178 parents of disabled pensioners, and 16,142 children of dependent pensioners. Up to June 30, 20,152 additional pensioners had accepted a final payment of their pension, an adjustment which cost the Government in all \$1,127,652. The total amount paid out in pension up to August 31 last was \$10,114,116.

MAIL USERS STILL DISREGARD RULES

Calgary, October 14.—Postmaster Harveys informs the Calgary Herald that letter writers to the old country are still holding up their mail by ignoring the new rate of four cents for each ordinary letter mailed to other parts of the British Empire. This new rate went into effect on October 1, and, in spite of the fact that three press notices have been given to the mailing public, hundreds of letters are still being posted with but the old three-cent rate stamped thereon.

For the information of those who are not aware of these new rates, it might again be pointed out that for each letter posted to the old country, or any other part of the empire, four cents, instead of three cents is charged for the first ounce or fraction thereof, and three cents for each succeeding ounce. Particulars regarding the increases for other mail matter may be obtained at the local post office. United States and Mexican postal rates are still three cents.

Glen Falloch & Vicinity

Our weather continues fine for this time of year, giving the farmers a good chance to fall plow.

Harry McLean expects to spend the winter at the McKenzie home, and has moved his effects and stock up there.

Mr. Black threshed 600 bu. of oats off his C.P.R. land. There were 9 or 10 acres in crop.

Mr. Palebeck has pulled his threshing rig home and quit for this year.

Frank Nejdley made a trip to the sawmill. We understand lumber up there is \$12.50 per thousand.

Sam Clark, an old settler here, passed away October 7th, after suffering all summer with paralysis. Mr. Clark was about 75 years old, and leaves a wife to mourn his loss and a host of neighbors and friends. The remains were laid to rest in the Ponoka cemetery, Oct. 10th.

Fred Tobler had the misfortune to lose a fine mare last Monday. She got cut on the wire and bid to death.

There is a large amount of frost in grain this year, especially wheat.

Mr. Macleod, of the Central Creamery, was in our vicinity recently.

There has been a number of big fires of late. Corporal Casway ordered the threshing machines to quit work and fight fire, also all the farmers. We were informed 300 men were fighting one fire.

Mrs. Robson, Mrs. Chas. Fleiter, Mr. Unalsh, Mrs. Geo. Clark, Mrs. Moore, Laurence and Sam Lewis, and Mr. and Mrs. Martin were Ponoka visitors last Monday, and attended Mr. Clark's funeral.

The Maker of Destiny

The hand that marks the ballot is the real controller of the destiny of the Dominion. On December 6th there will be an opportunity to vote for either of three great parties with the tariff as the predominant issue.

In order that the men and women of Central and Northern Alberta may have the fullest possible information on the campaign issues in the forthcoming election, the

Edmonton Journal

Will publish complete and impartial reports of election activities in all parts of the Dominion. Order the paper now so that you will not miss a single incident of the great struggle.

By Mail, Daily, \$3.00 per Year. Wednesday and Saturday issues only, \$2.00 per year.

Order through your local agent or direct from The Edmonton Journal

Savings Command Respect

Take yourself, for instance. You know that you respect those men who have Bank Accounts and are saving to buy a home or start in business for themselves. A Savings Account commands the respect of people worth while; it is an asset in business; and a good recommendation for any man. You can start a Savings Account with as little as \$1. and add to it as you wish, in sums of \$1. upwards.
